

# Cumulus Associate Member Endorsement Letter

Name of the applying institution

Our institution expresses our interest to become an associate member of Cumulus Association, the Global Association of Art & Design Education and Research. We have studied carefully the statutes of Cumulus and agree with the obligations they show on us if our membership application is accepted at the General Assembly of Cumulus. Link to the current statutes: <https://cumulusassociation.org/resources/reports/cumulus-statutes/>

We also agree to pay the annual fee described in the statutes (no. 5). The fee is approved annually by the General Assembly of Cumulus (1.500,00–5.000,00€ in 2023, depending on the associate membership category). We also agree to cover our share of the costs approved by the Cumulus Executive Board or General Assembly (e.g. Cumulus joint publications). In case of participation of our institution in a project, we also agree to cover our part of the costs as described in any project application left by Cumulus and its secretariat according to the rules of the funding source (EU or any other). Project agreements are agreed case by case. We accept that the information on the application form can be made public on the Cumulus website or any Cumulus publication.
